

## Who We Are

The Masqueraders are a superior party band that performs live music of the highest calibre - the perfect choice for any wedding, party, fundraiser or corporate event. We primarily cover London and the South East but often travel further afield depending on location. We have over 20 years experience in the music business, so you can be totally confident that we will fill the dance floor and deliver that all-important, feel-good factor for your event.

The band operates a flexible five to nine piece line-up, which includes fabulous male and female lead vocalists and a sizzling-hot three-piece brass section. The basic five-piece line up can be increased with one, two or three brass players according to budget.

Our goal is to help you to create the perfect memory of your perfect day – whatever the function. Your choice of live band can make it or break it - you can rely on us to kick-start the party and deliver truly great live music and ensure your guests remember the occasion with enthusiasm!

The quality of our singers and musicians is unsurpassed; all our band members have worked as high level session players for many big names including Tina Turner, Spandau Ballet, Mica Paris, Bjorn Again, Bjork, Eric Clapton and the BBC to name a few, as well as performing

regularly in the West End. Our team includes successful songwriters who have co-written hits for pop artists such as Girls Aloud and The Sugar Babes as well as composed theme songs and commissioned music for TV companies and major advertising agencies.

***“Well where can I begin? I thought you guys were absolutely fantastic. I woke up to a foot of snow the morning of my wedding day and I was so worried that all of the services wouldn’t be able to make it, including the band. Toby rang me in the morning and was one of the only people that said to me that you guys would DEF be there, instead of some other phone calls that I took that day that said they would ‘try their best’ etc... it was one of the most reassuring phone calls I took that day.”***

***I didn’t even notice you guys setting up, then all of a sudden you were there. The music and singing was out of this world, due to the snow I was so worried that everyone would leave early, but I think the fact that the band was so good encouraged people to stay much later than I thought. You guys were just absolutely brilliant, and I cannot thank you enough.”*** ***Heather and Edward x***
